THE COMPANY

In 2024 ZIV Ltd. is turning 26 years old.

Over the years with the mutual efforts of over 500 employees, we have developed a wide range of quality products, that meet consumers' high demands and expectations. Based on traditions and keeping up with industry innovations, at the present moment ZIV Ltd. has a stable position among the main Bulgarian producers of confectionery goods.

OUR BRANDS

We have four global brands under which we manufacture our products:

SWEET PLUS + is the brand under which we sell our sweet products – biscuits, wafers, cakes, chocolates, candies, etc. Created in 2002 the “Sweet Plus+” brand is sold all over the world today with the warranty of high and consistent quality of the products.

SALZA - Since all things in life are either sweet or salty, we have developed a special brand “SaLza” under which we sell all our salty products - salty biscuits, grissini, bread snacks and rolls with natural spices and tastes.

22 CARATS is the newest brand in the portfolio of "ZIV" Ltd., but not on the market. "22 Carats" croissants have been known to Bulgarian consumers since way back in 1995, when the first croissants with this brand were launched on the market.

ZIDO Whole Food - the youngest of our brands, responding to the vision and taste preferences of the modern customers. The first products were born in 2015 and were focused entirely on minimally processed food – wholegrain flours and seeds, unrefined oils, sea salt, brown sugar, dried fruit and raw nuts.

OTMAZZETTO Under this brand we offer quality drinks with pieces of natural fruits. We produce our drinks WITHOUT any colourants, flavourings, preservatives, only in glass bottles that don't change the taste of the contents.

PRODUCTION TODAY

To satisfy all customer tastes, we offer a variety of tempting biscuits, wafer specialties, cakes, tender chocolates, salty snacks and many other sweet and savory treats. Due to the continuous modernization of production facilities, we presently offer more than 130 sweet and salty treats, produced in our factories in Balchik, Veliko Tarnovo and Plovdiv on 27 production lines.

QUALITY

Quality and safety of the food we produce is our constant concern. In 2010 ZIV Ltd. completed the certification process under IsaCert supervision and every year we renew our ISO 22000, ISO 9001 RSPO and UTZ certificates, in order to guarantee the high quality of products and services we offer to our domestic and foreign partners.

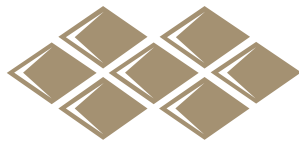

PROJECT MANAGEMENT

Our R&D team is responsible for developing new product niches and improve our existing assortment.

Our mission is to work on the popularization of our new production lines and brands on local and foreign markets.

Besides our main activities, production of confectionery goods, in the last several years, we have expanded our product range and started offering salty snacks and wholefood goods.

about us

LOGISTICS

We have our own well-developed logistics infrastructure, handling the increasing commodity turnover. It covers our production facilities and logistics centers.

DOMESTIC MARKET

MARKET POSITION - One of the top, thanks to the cooperation with 21 distributors and well-handled own trade structure.

KEY PARTNERS - The company is in cooperation with all local and international chains on the national market, such as Metro, Kaufland, Billa, CBA and others.

PRIVATE LABEL - Throughout the years we have developed private label projects for KAs, such as Kaufland (Happy Choice), Metro (Fine Life), LIDL (Roger) and CBA (CBA).

FOREIGN MARKETS

Our experience in foreign trade dates back to 2001 when the activities were mainly focused on the Balkans and the Caucasus region. We quickly managed to cover more countries, offering professional service corresponding to the requirements of our partners.

To be able to reach our current position – export of our products to more than 50 countries all over the world, we have based our foreign policy on the following basic principles:

LONG-TERM PARTNERSHIP

A good example of this policy is the fact that some 60 % of our export turnover is with partners we have been in cooperation for more than 10 years.

INDIVIDUAL APPROACH

Each of our partners is being approached individually and receives special attention that matches their needs.

KEY PARTNERS

Internationally we have been in cooperation with some of the main supermarket chains in Europe, such as Kaufland, ALDI and AUCHAN. We offer not only own brands, but also private label products.

PRIVATE LABELS

Our experience in private label products dates back to 2006. Throughout the years we have managed to develop private label projects for international chains and distributors like: Kaufland CE (Katy, Happy Choice), LIDL (Roger), A101 Turkey (Hürmet, Kekspir, Xroll), Tesco Kipa Turkey (Kipa), ALDI France and Portugal (Mes P'tits Secrets), Monolith Germany (DA), Strootman Netherlands (Mammoet), Super De Alimentos Colombia (Bianchi), MARKET In Greece (Economy), Egnatia Market Greece (ΑΠΑΙΧΤΟ), VLADutz (Romania), HealthyCo (Sweden), HEYJOE (Austria).
